

**All Personnel**

**Load Scheduling/Hours of Employment**

The Governing Board designates in accordance with law salaried positions which are exempt from overtime. Persons holding these positions work whatever hours are necessary in order to fulfill their assignments. Their positions are set apart from other positions by virtue of the duties, flexibility of hours, salary, benefit structure and authority which they entail. These positions are the Superintendent, business manager, administrative assistant to the Superintendent, site administrator(s), MCN manager and any other positions so identified by the Board.

Employees serving in positions excluded from overtime shall not be unreasonably discriminated against as a result of the exclusion. (Education Code 45130)

Exempt employees' pay shall not be subject to salary deductions for absences of less than a day.
