Principal's Message

We are a dedicated staff committed to excellence at the Mendocino K-8 Schools. In addition to providing and supporting a rigorous academic curriculum for each child, we value social skills and instilling in our children the sense that they are a part of something greater, and that they have the ability and responsibility to contribute to our local and global community.

We continue to implement our newly purchased Foss science curriculum in grades TK-8. Community service standards and service hours have been developed and implemented for each grade level in the 2024-25 school year.

School Mission Statement

At the Mendocino K-8 Schools, we celebrate our differences and foster respect for others. We strive to create a safe, positive school, where students are encouraged to explore, create, and challenge themselves to maximize their academic learning and personal development. Together in our school community, our students discover they have a purpose in our local, national and global communities.

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

Parental Involvement

Parents are partners in their children's education. Parents volunteer regularly in alignment with Mendocino Unified School District (MUSD) Board policies and Title I Parent Involvement Policy. Parents volunteer in a variety of capacities, from field trips to curricular projects and celebrations. Parents also serve as School Site Council (SSC) representatives and as members of the Mendocino Unified Schools Enrichment (MUSE) educational foundation.

We have an active Parent Teacher Organization that supports the school through book fairs, teacher-appreciation luncheons and student activities. Annual events such as back-to-school night, open house, parent-teacher conferences, along with flexible and ongoing opportunities from Title I and the SSC allow parents to be involved in their child's education.

For more information on how to be involved, contact Principal Kim Humrichouse at (707) 937-0515 or khumrichouse@mcn.org.

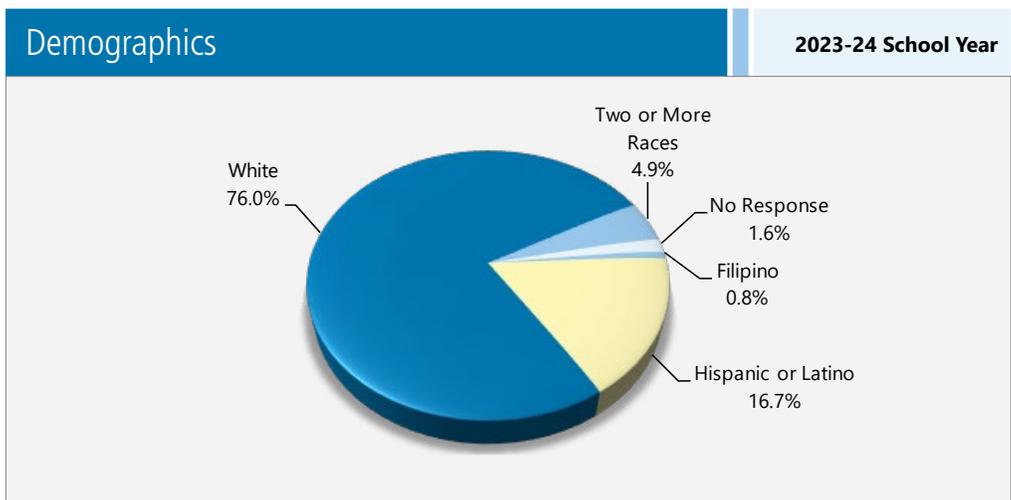

District Mission and Vision Statement

Our vision is to provide an integrated learning community that fosters creativity, compassion and civic responsibility in a way that maximizes personal development.

Learn. Explore. Create.

Enrollment by Student Group

The total enrollment at the school was 246 students for the 2023-24 school year. The pie chart displays the percentage of students enrolled in each group.

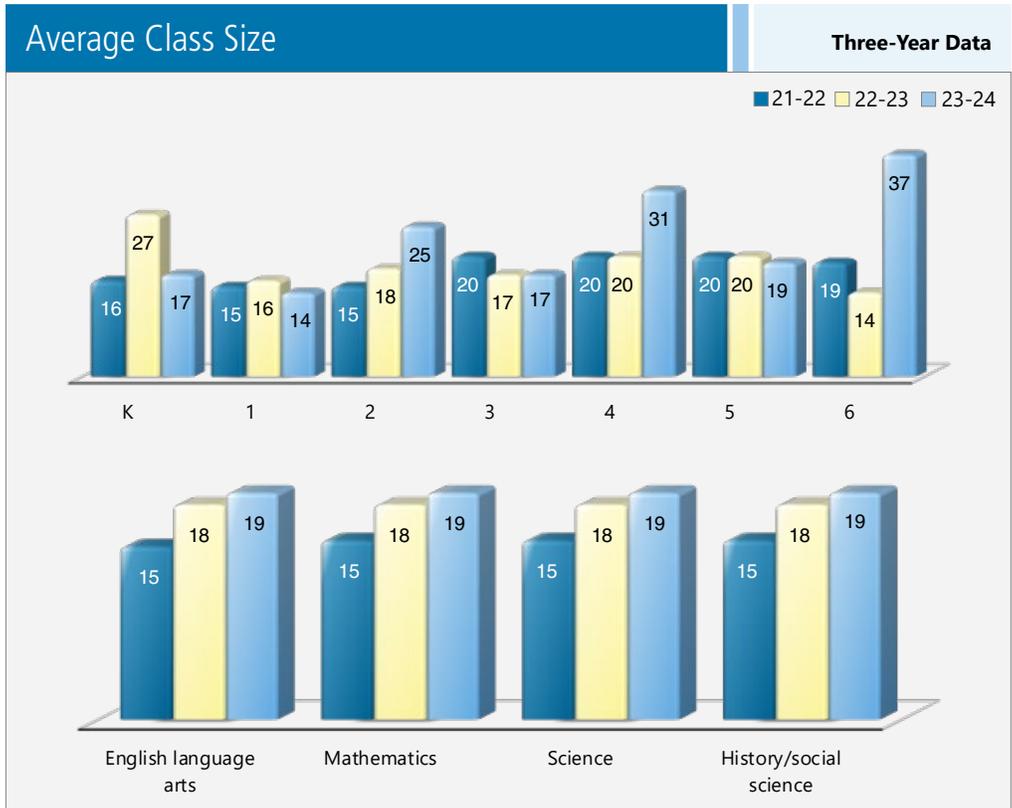

Board Priorities

- Develop and expand community partnerships and communication
- Increase learning and achievement for all students, families and staff
- Plan wisely for the future while maintaining fiscal integrity
- Maintain and improve the physical plant

Class Size Distribution

The bar graphs display the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the the secondary school level, this information is reported by subject area rather than grade level.

School Safety

Our school safety plan is updated and reviewed annually by staff, parents and the School Site Council and then adopted by the MUSD Board of Trustees. Our school safety plan includes empathy education, violence and bullying prevention education, routine drills and practice procedures for safety. The staff receives regular and ongoing training in sexual harassment, behavioral emergencies, threat assessment and pandemic awareness. Staff receive professional development and protocol training for safety/behavioral issues for teachers and support staff. We have reporting forms and use counselor-led restorative groups to resolve issues. The school is part of the district's Standardized Emergency Management System (SEMS)/ National Incident Management System (NIMS) emergency plan. The school safety plan was last reviewed, updated and discussed with the school faculty in August 2024.

California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education. Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students participating in each of the five fitness components for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

Types of Services Funded

There are a variety of services funded by categorical funds and other funds such as grants. These services include career and college exploration, personal and group counseling, tutorial classes, intervention services, school gardens and art instruction.

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

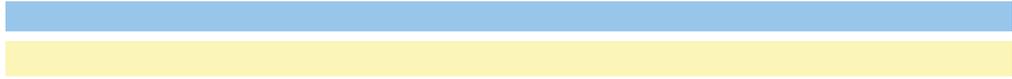

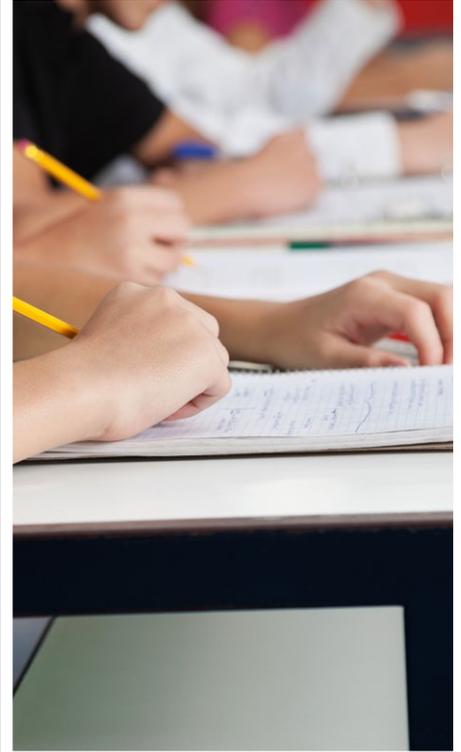

Statewide Assessments

Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade 10, 11 or 12).

CAASPP Test Results in Science for All Students

The table below shows the percent of students meeting or exceeding the State standard on the CAASPP—California Science Test (CAST) and the California Alternate Assessment for Science (CAA for Science) for grades 5, 8 and once in high school (i.e., grade 10, 11 or 12).

CAASPP by Student Group: Science, English Language Arts and Mathematics

The tables on the following pages display the percentage of students that met or exceeded state standards in science, English language arts/literacy and mathematics for the school by student groups.

The "percentage met or exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAA divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not. However, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in ELA and Mathematics for All Students

The table below shows the percent of students meeting or exceeding the State standards on the California Assessment of Student Performance and Progress (CAASPP) Smarter Balanced Summative Assessments and California Alternate Assessments (CAAs) for English language arts/literacy (ELA) and mathematics for grades 3-8 and 11.

Textbooks and Instructional Materials

In the Mendocino Unified School District, all students have access to their own textbooks and instructional materials that are adopted from the most recent state-approved list. Textbooks are consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education. The district adopts textbooks during the adoption cycles recommended by the state. Common Core State Standards math textbooks were purchased in 2013, 2014 and 2015. Textbooks for K-5 English language arts curriculum were purchased in 2016 and math was purchased in 2017. 6-8 English language arts textbooks were purchased in 2017 and 2018. Science textbooks were adopted in 2022-23 for grades K-5 and in 2023-24 for grades 6-8. History textbooks were adopted in 2022-23 for grades K-5.

Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Facility Good Repair Status

The table shows the results of the school’s most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. This inspection determines the school facility’s good repair status using ratings of good condition, fair condition or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair or poor.

School Facility Good Repair Status		2024-25 School Year
Items Inspected	Repair Status	
Systems: Gas leaks, sewer, mechanical systems (heating, ventilation and HVAC)	Good	
Interior: Interior surfaces (floors, ceilings, walls and window casings)	Good	
Cleanliness: Pest/vermin control, overall cleanliness	Good	
Electrical: Electrical systems	Good

Safety: Fire safety, emergency systems, hazardous materials	Good	
Structural: Structural condition, roofs	Fair	
External: Windows/doors/gates/fences, playgrounds/school grounds	Good	
Overall summary of facility conditions	Good	
Date of the most recent FIT report	10/8/2024	

Deficiencies and Repairs

The table lists the repairs required for all deficiencies found during the site inspection. Regardless of each item’s repair status, all deficiencies are listed.

Deficiencies and Repairs		2024-25 School Year
Items Inspected	Deficiencies and Action Taken or Planned	Date of Action
Structural	Metal posts are rusting.	Repairs planned
External	Solar tube panels rusting, solar panels need to be cleaned, playground and surface needs to be replaced.	Repairs planned

School Facilities

In May 2008, a building and renovation project for a new K-8 campus began. Phase two was completed in August 2009, and the staff moved into the new K-4 facilities, which included new classrooms; specialized rooms for cooking, art and music; a K-8 library; and student-services building. Phase three was completed in April 2010 and included modernizing the 11 upper-grade classrooms, including two new computer labs, a new science classroom, family resource center and the gym. The K-8 campus also includes a large, renovated multipurpose room, which is used for the meal programs, as well as assemblies, programs and indoor physical education.

All classrooms have telephones, internet connections and computers. Play areas are cushioned with a rubberized mat. A large blacktop area is available for various games and includes eight basketball standards. Adults supervise children at play, as well as before and during school hours.

Campus facilities are well maintained by the MUSD maintenance and custodial staff, which oversee the safety, cleanliness and adequacy of the facilities, including routine inspections and repairs. The school has two full-time custodians for routine cleaning and maintenance. Restrooms are cleaned two times each day, and more if necessary. The Complaint Process for any complaints about facilities is posted in every classroom, the office, the library and all places where students gather for activities.

In 2014, wireless internet was added to the entire campus. This provides wireless internet to every classroom and indoor common area.

“We are a dedicated staff committed to excellence at the Mendocino K-8 Schools.”

Teacher Preparation and Placement

These tables display the number and percent of teacher authorization/assignment as well as the total number and percent of teaching positions at the school, district and state levels. Note: The data in these tables is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The data source is the California State Assignment Accountability System (CalSAAS) provided by the Commission on Teacher Credentialing. For information on the CalSAAS, visit the CALPADS web page at <https://www.cde.ca.gov/ds/sp/cl/calpadsupdfdash201.asp>.

For more information on the definitions listed above, refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

Supplemental/restricted expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted. Basic/unrestricted expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

Data for this year's SARC was provided by the California Department of Education and school and district offices. For additional information on California schools and districts and comparisons of the school to the district, the county and the state, please visit DataQuest at <http://dq.cde.ca.gov/dataquest>. DataQuest is an online resource that provides reports for accountability, test data, enrollment, graduates, dropouts, course enrollments, staffing and data regarding English learners. Per Education Code Section 35256, each school district shall make hard copies of its annually updated report card available, upon request, on or before February 1. All data accurate as of December 2024.
